JOURNEY OF SOULS BY MICHAEL NEWTON

"During our lives all of us will experience opportunities for change which involve risk. These occasions may come at inconvenient times. We may not act upon them, but the challenge is there for us. The purpose of reincarnation is the exercise of free will. Without this ability, we would be impotent creatures indeed."

WHAT DID I LOVE?

This book opened up the meaning of life for me which is that we are here to learn and experience that which we cannot experience on the other side. You will see your life with completely new eyes after reading this book.

WHAT DID I LOVE?

This book makes you realize that you are not the voice in your head. You are able to see it for what it is, a voice of fear trying to keep you safe. I developed a whole new relationship with fear after reading this book.
